

POSTOPERATIVE LODGING FOR PATIENTS HAVING SURGERY
Luis Cuadros MD - 505.243.7670

This is a list of hotels for postoperative recovery. It is preferable to choose a hotel near our office, so that we can be in close contact. Many of the hotels offer suites. Try to ask for a ground floor room with wheelchair access. Some hotels may have wheelchairs and may offer a discount if you tell them that you are having surgery at Presbyterian. It is recommended that you stay the night before surgery, and one to two nights after. Most patients will be seen in the office the day after surgery and can safely go home the same day after being seen. Some may need to stay longer. Please notify the office where you plan to stay, and who will be staying with you.
